

Reflections

from the home

Dear Friend,

Maybe it's the crisp autumn air or those colorful leaves, but there's just something about this time of year that inspires me to bake.

I remember the muffins we'd make when friends came to visit. After a morning outdoors enjoying autumn's splendor, the sweet aroma of the treats baking in the oven was a joy to return home to. We could hardly wait to take that first, yummy bite.

These are the memories that last a lifetime. And it's the home-baked goodness that is the inspiration for the Post Selects® line of cereals.

In this issue of *Homemade*, we're serving up great ideas from the kitchen for a fun-filled fall...from guest-pleasing tips to a tasty muffin recipe. Enjoy!

Sincerely,

Mary Beth Harrington, Post Selects® Kitchens
